Cannabis with Kymb

Life of KymB

As a Certified Pilates Instructor + Cannabis Entrepreneur + Activist based out of NYC, I'm always on the go. My secret to staying healthy + happy is simple, just stick to a plant-based holistic lifestyle.

I love sharing the latest in the cannabis industry + female entrepreneurship. I cannot stop talking about plant-based beauty, wellness + remedies. Having served as a Lululemon Ambassador + Equinox Trainer, fitness + fashion is always part of the conversation.

Mission: to educate my community on the benefits of a holistic plant-based lifestyle through my personal experiences + expertise.
